McCREARY WINS GREAT VICTORY

MADISON MAN NOMINATED FOR GOVERNOR BY 25,000—McDERMOTT ALSO A WINNER

Special to Interior Journal.—
Louisville, July 3rd.—Returns from most of the northern counties, whose vote in the races for minor offices, has not been reported, show substantial majorities for McCreary, McDermott and Bosworth. This makes McDermott a sure winner for Lieutenant Governor by about 8,000 plurality and it seems that Bosworth has a good chance to capture the auditorship.

A splendid ticket was nominated by the democrats of Kentucky at their primary election held Saturday. Men were named for places of honor, who it is confidently believed can carry the party's banner to a triumphant victory in November. About 15 counties have failed so far to report their vote on most of the minor races, but returns have been received sufficiently to show the following winners:

For United States Senator—Ollie M. James.

For Governor—James B. McCreary by 25,000 majority.

For Lieutenant Governor—R. J. McDermott by about 8,000 majority.

For Treasurer—Thomas S. Rhea.

For Secretary of State—C. F. Crockett.

For Attorney General—James Garrett by 25,000 majority.

For Superintendent of Public Instruction—Barksdale Hamlett by 25,000.

For Commissioner of Agriculture—J. W. Newman by 25,000.

For Clerk of the Court of Appeals—Robert L. Greene by 5,000.

For Governor, McCreary ran a very remarkable race, carrying every congressional district in the state, with the exception of the fourth and the fifth. Louisville, the fifth, went for Addams by 9,000 majority by Mayor Head and the Whitten crowd "setting in the works" against McCreary out in the country districts where people had the say, McCreary got it all. For Auditor, the race is very close between Bosworth and Laffoon.

In Lincoln County.

As in other parts of the state, only a very light vote was polled in Lincoln county. Practically everywhere, however, was for McCreary, only 69 votes having been recorded against him in the primary.

The only hard fight in this county was between friends of McDermott and Edwards for the lieutenant governorship, the former winning out, carrying the county over Edwards by 81 plurality.

Lincoln went strong for McCreary. Bosworth, Garrett, Hamlett and Newman. Green carried the county by 5 majority over Morgan. The Green vote polled at Crab Orchard where Gabe Addams, who will be a deputy under Green, resides, putting the county in the Green column. The complete tabulated vote in Lincoln will be found in another column on this page.

HOT WEATHER HURTS THE SKIN

Poisonous perspiration causes rashes, hives, blotches, pimples and prickly heat, often the beginning of serious skin troubles.

To wash away the poison entirely, apply a simple solution known as D. D. D. Prescription for Eczema. D. D. D. is generally sold in \$1 bottles, but for 25 cents we can now give you enough to prove that the very first drops soothe and heal the inflamed skin as nothing else can.

We vouch for the wonderful properties of D. D. D. for we know that it brings instant relief for all kinds of skin trouble. Shugart and Tanner.

COW ADOPTS MOTHERLESS COLT

UNUSUAL SPECTACLE ATTRACTS MUCH ATTENTION AT WILL CORDIER'S

One of the strangest sights ever seen in Lincoln county can be witnessed at the home of Will Cordier near Rowland. Mr. Cordier has a small three weeks' old colt, which lost its mother a few days after it was born. It was fed on milk through a bottle several days after the death of its mother, but Mr. Cordier determined to teach it to suck a cow and each day the young equine gets its nourishment from a cow as regularly as her own calf.

Sometimes the boy does not give down the milk as freely as the colt would like, and upon such occasions he uses his little feet with telling effect, and he will also no one to disturb him while he is feeding, kicking viciously at all who come near.

A great many visitors have gone to Mr. Cordier's to see the cow and her unusual adopted child. Many of the older men of the community say that they never saw anything like it before in their lives.

Caleb Powers SAYS WHITE MEN ARE RESPONSIBLE FOR RACE PROBLEM

A dispatch from Washington to the Louisville Times this week said:

In pursuance of his campaign to prevent the hanging of Mattie Lomax, a negro, in the District of Columbia Representative Caleb Powers has been making many fiery speeches to negro assemblies, but his latest was most inflammatory. In it the Eleventh district Representative blamed white men for the existence of the race problem and boasted that it was he who was many wet and many dry days, too, before they'll hang Mattie Lomax in this city. Yet the Lomax woman is convicted of murder and sentenced, nor has there yet been any indication of commutation or pardon. The negroes here all believe that Mr. Powers has information that the woman is to be pardoned by the President.

Mr. Powers in his speech advocated equal suffrage for women of all colors.

Here are some gems from his address:

"They had sentenced me to death on circumstantial evidence, and I had no more to do with the killing of William Goebel than the angels around the throne of God."

"The white man is responsible for the bondage of the colored man. It is the white man who complains of a race problem."

50 pound lambs from Mitchell Taylor of Boyle at \$6.127 lambs from A. C. Miller, of the Buckeye section averaging 75 pounds at 5.34 cents; 27 lambs from W. D. Williams, of Boyle at \$6.127 lambs from C. R. Flannery of Boone at \$6.127 lambs from V. A. Lear bought from C. R. Flannery and sons 56 75-pound lambs for 5.24 cents and 30 lambs of about the same weight for August 15th delivery at 5.12 cents. Pence Bros., of north Garrard sold 24 1,350 pound cattle to Fox and Lillard, of Danville at 5.12 cents.

Opening Dance

AT CRAB ORCHARD ATTENDED BY STANFORD PEOPLE.

The opening event of the Crab Orchard Springs was a brilliant ball given Friday evening. The historic place, always attractive, was even more so on this occasion. The management did much toward making the dance a most delightful one, and in every detail success was theirs. Such features as a fine ball-room and orchestra, broad verandas and delightful swings afford an ideal location for an evening of dancing. The floor, though well filled was not crowded and in addition to the hundred or more hotel guests, dancers from many Kentucky towns were present. President Robinson, Manager Willis and Mrs. Willis are to be congratulated upon the distinct success of the opening ball, and judging from the size of Friday evening's gathering, their hopes of making this season the best are well founded.

Among those who went from here were Mr. G. L. Penny and daughter Miss Bertie Jean Penny, Mr. Mike Penny, and Miss Nancy Yeager, Mr. Joe Hill and Miss Mary Elizabeth McKinney, Mr. Claude Gibb and Mrs. Josie McKinney, Mr. John N. Menefee, Jr., and Mrs. Sue Yeager, Messrs. Harvey Helm, T. J. Hill, Jr., Wesley Embury, George Newland, Russell Brown and Wil McCarty.

BYNAM CARTER KILLED BY TRAIN

GROUND TO DEATH BENEATH WHEELS OF FREIGHT TRAIN AT ROWLAND SATURDAY.

Bynam Carter, 59 years of age, was killed about 6 o'clock Saturday evening in the switch yards at Rowland. About three weeks ago Carter returned to his home there after having spent several years as an enlisted man in the regular army, but decided to go back again. In order to say good bye to his brother Capt. Walter Carter, who was in charge of the freight, Bynam Carter boarded the train and while it was still in motion attempted to go back to the caboose. In crossing from one car to another he lost his footing and fell to the track below. Eight cars passed over the unfortunate man before the train could be stopped and he was horribly mangled. One leg was cut off, his hip was crushed to a pulp and an arm completely severed. Notwithstanding these injuries, Carter lived an hour and was conscious a greater part of the time. The funeral services were conducted by Rev. J. B. Jones Sunday afternoon at the home of his mother in Rowland, after which the remains were laid to rest in Buffalo cemetery.

ORDINATION SERVICE

FOR REV. WILL HOPPER TO BE HELD THURSDAY

Rev. William Hopper will be formally ordained into the ministry at a called meeting of the Transylvania Presbytery here next Thursday afternoon at four o'clock. Mr. Hopper will go soon afterward to accept the charge of the church at Burnside, having relinquished the pastorate of the Eminence, Presbyterial church, upon refusal of the Presbytery to release him to another Presbytery.

The examination of the young divine will take place Thursday afternoon, and then he will preach a sermon. At the evening service the ordination ceremonies will be held and Rev. C. R. Hays, of Danville, will preside at the service. There will be special music by the choir at both these services.

The ordination of communion will be observed at the church on next Sunday morning.

Despite some slight opposition it is said that Francisco I. Madero will be the nominee of the political "powers that be" for the presidency of Mexico. President Taft will maintain the border patrol.

THE LEDGER ON O'REAR.

The Maysville Daily Ledger, leading republican paper of the Ninth Congressional District, has this to say about Judge O'Rear. Cut it out and save it for reflective reading after Judge O'Rear is nominated next month. "As to the political charges against O'Rear made not only by the Public Ledger, but by Governor Wilson, Mr. Franks and scores of others, we repeat what we have said, before that O'Rear is unfit to be elected Governor of Kentucky and his candidacy is an insult to the law abiding citizens of old Kentucky. That O'Rear on the bench of the highest court in the state is no compliment to the voters of his district. We furthermore say that when Judge O'Rear deposed his high office by taking sides against the enforcement of the law by Governor Wilson he should have been impeached.

"In all reason has there ever been anything analogous to the conduct of a Court of Appeals Judge making inflammatory speeches at a time when sedition was applying the whip to the backs of free born Americans citizens, the torch to their barns and dwellings and murder and intimidation were rife in the fairest sections of our commonwealth."

Harvey Helm

WENT TO TAFT'S RECEPTION IN SMALL SWALLOW TAIL

A special from Washington says: Representative Harvey Helm of Kentucky, has just discovered why it was that he went to President Taft's silver wedding celebration at the White House, in a dress suit that was several sizes too small for him and made him seat himself at once with forethought and with dignity. At the same time Representative S. A. Witherspoon, of Mississippi, learned why he attended the same function in coat and in trousers that slipped in the breeze and necessitated his adoption of a seven-league stride to prevent himself from treading on his own coat tails. The two social ly-inclined Congressmen met in the lobby of the house and began to discuss their woes.

"I never spent such a miserable evening," said Mr. Helm, with a grimace. "I can't imagine how I happened to grow so much since the last time I wore that suit."

"Me, too," said the member from Mississippi, "only I seem to have fallen off horribly. I think I'll be a doctor. I never knew before how uncomfortable clothes can make a person when they don't fit."

They began to compare notes and suddenly the truth dawned upon them. Both live at the hotel Driscoll and both have sent their evening clothes to the Driscoll tailor shop to be pressed. Add a careless bellboy and the mystery was solved. The statesmen telephoned that bell boy immediately and accused him of crime, which he readily confessed.

Mr. Helm is one of the tallest men in Congress and Mr. Witherspoon is shorter and very much slighter. Those who know them are wondering how, garbed as they were, either had the nerve to shake hands with the president and Mrs. Taft.

MORGAN'S MEN WILL MEET AT PARKS HILL

Col. R. C. Morgan and other old members of Morgan's command, went to Carlisle and conferred with Mr. H. M. Tyler and Green R. Keller with the result that it was finally decided to hold the annual reunion at Parks Hill at the usual time. The old Veterans have gotten used to going there and would not hear to any other proposition.—Lexington Herald.

O'REAR MEN TO MAKE HARD FIGHT

INTERESTING CONTEST PROMISED AT REPUBLICAN CONVENTION HERE NEXT SATURDAY.

Political interest now centers in the republican county convention to be held Saturday when delegates will be named and instructed to attend the Republican state convention at Louisville July 11 when a ticket will be nominated to oppose the democratic ticket, headed by McCree.

County Chairman R. L. Davidson will call the county convention to order promptly at 1:30 o'clock. The indications are that there will be a large outpouring of republicans, both white and black for the fight between the friends of Judge O'Rear and those who are opposed to his nomination for governor, promises to be interesting. Dr. Davidson and a number of his friends are heartily for the nomination of Ed Franks and against O'Rear and they are said to have the solid support of the colored elements of the party who are against O'Rear on account of his decision in the Berea college case.

On the other hand a number of enthusiastic supporters of Judge O'Rear say that they will be on hand when the convention is called to order and they believe that they have a splendid chance to get the instructions of Lincoln county for their man. Among those who will be found leading the fight for O'Rear are B. T. Lunsford, Sidney Dunbar, P. M. McRoberts, B. B. King, Henry Catron, T. W. Napier, W. K. Dillon, J. W. Hutcherson, Berry Howard and a number of other leading republicans.

There is not much fight on any of the other candidates for state offices in Lincoln county. It is certain that Lincoln will instruct enthusiastically for Judge L. W. Bethuram, of Rockcastle, for the nomination for Auditor. There may be some disposition on the part of the leaders not to instruct as to the other minor offices for the reason that they may figure that they can more materially assist their gubernatorial candidate by not binding themselves with other instructions.

The convention Saturday promises to be one of the most interesting held in republican ranks in Lincoln county in many years and a large attendance is expected.

BEAUTIFUL FREE BOOK

Board of Trade of Asheville, North Carolina, issues a Beautiful and Valuable Publication for Free Distribution.

It is a rare coincidence that any particular locality in the United States where the climate diversity is usually so pronounced, should be favored with a continuous round of sunshine and refreshing days, high above the humid and sultry atmosphere characteristic of the summer months in low sections and at the same time free from the severe cold of winter.

At certain seasons the southern country is especially delighted but when the hot days come, those who can afford it journey northward where again pleasant weather takes full sway for a brief time. But in the mountains of Western North Carolina the people are doubly blessed for they have a charming climate the year round. In winter it never gets too cold; in summer it never gets too hot, and the sun shines so regularly every day in the year that this country has been very appropriately designated the Land of the Sky.

In the picturesque Blue Ridge Mountains of this remarkable Western North Carolina, standing upon the topmost part of a sketching plateau that towers twenty-two hundred feet above sea level, is a delightful Asheville, the most popular all the year round resort in the land of perpetual good weather. Thousands of people flock that way every month in the year, for every month has a charm all its own, unsurpassed anywhere in the nation.

In July and August, Asheville enjoys the cool, invigorating atmosphere of the north but totally lacks that humidity which is so disagreeable elsewhere. In fact Asheville has no equal when it comes to pure, exhilarating air every day in the year.

Asheville is a modern metropolitan center, composed of people of a sociable and cosmopolitan type and has a population of 30,000. Elegantly equipped hotels, ranking favorably with the best in the country have materially helped to make Asheville the leading year around resort on the continent.

The Board of Trade has just issued a beautiful booklet, replete with pictures of the numerous hotels, points of interest and picturesque scenes, combined with a well written sketch of the land of the including hotel rates and much other valuable information that should be in the hand of every tourist.

A postal card addressed to Mr. N. Buckner, Secretary, Asheville, North Carolina will bring you one of these artistic publications free of charge.
